NORMALIZATION AND PREPARATION OF MERIT / RANKLIST

The first Examination was conducted on 8th January 2019 in two shifts, in which, a total number of **180052** Candidates were registered for Paper –II (B.Arch./B.Planning) out of which **145386** Candidates appeared. The second JEE (Main) Examination, Paper- II (B.Arch./B.Planning) was conducted on 7th April in 2 shifts. Out of **169759** Candidates registered for JEE (Main) April-2019 Examination for Paper-II, **144032** Candidates appeared

Therefore, Normalization procedure based on percentile, which was recommended by experts from IITs, ISI, NITs and AIIMS, was adopted for compiling the NTA scores for multi session papers so that candidates are neither benefitted nor disadvantaged due to different question papers used in the examination.

The Percentile Scores have been calculated up to 7 decimal places to avoid bunching effect and reduce ties.

The Percentile score of a particular Candidate has been calculated as follows:

100 X (Number of candidates appeared in the "Session" with raw score EQUAL TO OR LESS than that particular candidate)
Total number of the candidates appeared in the "Session"

Preparation of Results for each Session

The examination results for each of the 04 sessions was prepared in the form of

•   Raw Scores
•   Percentiles Scores, separately for each of the three subjects (Mathematics, Aptitude, Drawing Sheet) and the Total.

The following four Percentiles were calculated for each candidate in the Session:

Total Percentile based on total raw marks, Mathematics Percentile based on Mathematics raw marks, Aptitude Percentile based on Aptitude raw marks, Drawing Sheet Percentile based on Drawing Sheet raw marks:

Compilation of NTA score and Preparation of Overall Merit/Rank List

The Percentile of all 04 sessions were calculated separately for the Total raw score and the raw scores in three subjects (Mathematics, Aptitude, and Drawing Sheet). The Percentile scores for the Total Raw Score for all the 04 sessions were merged (called the NTA scores) by taking better of the two scores (if available) in total percentile score for a candidate. These percentile scores were then used for compilation of result and preparation of overall Merit List / Ranking. To resolve tie between candidates, priority has been given in following order:

- Higher Percentile score in Mathematics
- Higher Percentile score in Aptitude
- Higher Percentile score in Drawing Sheet
- Candidates older in age.

The Final Ranking/ Merit has been prepared after resolving ties.
