

Corrigendum No. 01

Subject: Correction in QCBS Weightage under the Request for Proposal (RFP)

It has been observed that the QCBS evaluation criteria mentioned in the RFP inadvertently specifies the Technical and Financial weightage as 70:30.

In accordance with the provisions of the Department of Expenditure, Manual for Procurement of Non-Consultancy Services, the QCBS weightage shall be read as follows:

* Technical (Quality) Score: 30%

* Financial (Cost) Score: 70%

Accordingly, wherever the QCBS weightage is mentioned as 70:30 in the RFP, the same shall be read as 30:70 (Technical : Financial).

Accordingly, revised formula for calculating Final Score is:

$$B = (C_{low}/C) * X + (T/T_{high}) * (1-X)$$

where,

B= Final Evaluated Score.

C_{low} = the lowest of all Evaluated Bid Prices among responsive Bids

T = the total Technical Score awarded to the Bid

T_{high} = the Technical Score achieved by the Bid that was scored best among all responsive Bids

X = 70% (as defined in the tender document)

The bidder getting highest B (i.e. final score) will be awarded the work.

All other terms and conditions of the RFP shall remain unchanged.
